

## The Circulated Canvas: A Create-With-Us Chain Sketchbook

Welcome to **The Circulated Canvas**, a collaborative art project that revives the nostalgic charm of the chain letter for a modern, creative purpose. This isn't just a sketchbook; it's a traveling exhibition, a shared journal, and a collective masterpiece in the making.

Here's how you become part of the story:

1. **You receive the Book:** The sketchbook finds its way to you, filled with the art, thoughts, and energy of previous contributors.
2. **Add Your Chapter:** Dedicate a page (or two!). Create a sketch, a painting, a collage, or a doodle. Add a note, a story, a poem, or simply a date and location. Make your mark.
3. **Pass It On:** Once your contribution is complete, you become the curator. Pass the book on to someone you choose—a friend, a family member, a local artist, or even a stranger with a story to tell. The chain continues through your connection.
4. **The Grand Finale:** The last person to fill the final page will mail the completed book to [the Bazar Vest Gallery](#). There, the entire journey will be exhibited as a testament to shared creativity and human connection.
5. **Legacy:** After the exhibition, the entire sketchbook will be professionally digitized and archived, preserving every mark and message for future inspiration and potential use in collaborative art projects.

This sketchbook is more than paper and ink; it's a conversation without words, a community built one page at a time. Will you add your voice?
